Biography of Speakers

Dr Davy LO

Adjunct Professor, City University of Hong Kong

Member, ITSP Assessment Panel of Innovation and Technology Fund

Dr Davy Lo is a veteran in the electronics and high-tech industries. He has over 30 years of industrial experience with remarkable results in various senior executive positions including Deputy Chief Technology Officer, and Chief Marketing Officer in regional and multinational corporations. Dr Lo's extensive career experience in Asia and Europe, as well as advisory roles for industry associations, universities, government organizations, and technological SMEs make him a distinctive consultant. His contribution to young entrepreneurs and the business community is well recognised for nurturing technological developments in Hong Kong.

Dr Lo is currently a panel member of ITSP assessment panel of Innovation and Technology Fund (ITF) under Innovation and Technology Commission (ITC).

Mr Peter Man

Regional Director, Red Hat Inc., Hong Kong and South China

Mr Peter Man received his Master Degree of Computer Science in Texas A&M University and Bachelor Degree in Boise State University. He had served various sales and management positions in HP and IBM before joining Novell/SUSE in 2001. Prior to joining Red Hat, Mr Man was the Regional Director at Novell/SUSE Hong Kong and South China, focusing on Open Source and Identity Management Solutions business development.

Mr Man has more than 10 years of experience in positioning Open Source Software for major enterprises and has orchestrated a number of major Linux migration projects in Hong Kong. He has also been an active contributing author for the magazine *Linuxpilot* since 2010.
